

Garrett Classic Turbo

TURBOCHARGER

Renault 5 Turbo 1 & 2

Part Number: 920072-5001W

Introducing the Garrett Classic Turbo - the perfect blend of modern engineering and iconic design for your Renault 5 Turbo. Our state-of-the-art engineering technology ensures the ultimate driving experience by combining performance and reliability with direct-fit installation. It's journal bearing rotating group incorporates a 360-degree thrust bearing for enhanced reliability. We've integrated the actuator bracket into the compressor housing to ensure a stronger, more durable turbocharger that will keep your Renault 5 Turbo running smoothly for years to come.

Don't settle for anything less than world-class engineering and reliability for your automotive investment. By choosing Garrett Classic, the only original turbo, for the ultimate upgrade on your Renault 5 Turbo, you will increase the value of your car and you elevate your driving experience.

Model	Year	Garrett DSR PN	Garrett PN
Renault 5 Turbo 1	1980-1982	920072-5001W	465646-5003S
Renault 5 Turbo 2	1983-1985		465646-5004S

FEATURES

- 360-degree thrust bearing to improve reliability and durability of the rotor system during extreme operating conditions
- Wastegate actuator bracket is cast into the compressor housing to improve stiffness against engine vibration
- Robust turbine housing, engineered using of thermal simulation to avoid cracks and other failures
- Includes gasket kit 917890-0002 (oil inlet, oil outlet)
- Direct-fit installation
